## History of our Favorite Winter Pastimes

- The first time ice hockey was officially played as an Olympic sport was at the 1920 Summer Olympics. It wasn't until 1924 that the Winter Olympics began.
- The largest snowball fight recorded was achieved by 5,834 participants at an event organized by Seattle Snow Day, Washington, on January 12, 2013.
- The earliest archaeological examples of skis were found in Russia and date to 5000 B.C. Although modern skiing has evolved from beginnings in Scandinavia, 10,000 year old wall paintings suggest use of skis in the Xinjiang region of what is now China.
- The record for the most people making snow angels simultaneously is 8,962 at the State Capitol Grounds in Bismarck, North Dakota for an event organized by the State Historical Society of North Dakota on February 17, 2007.
- Most historians believe that the first pair of ice skates dates back to between 3000 and 1000 B.C., and were invented by the Scandinavians. Regardless of the exact time ice skates were invented, they were made from animal bones taken from horses, cattle, elk, oxen and other animals. Skaters tied these bones to the bottom of a pair of boots or shoes and glided across frozen lakes and ponds.
- The Ojibwa Indians employed spears in the earliest form of ice fishing. After chipping holes in the ice, the Indians waited for a fish to swim to a decoy they made out of wood.
- Sleds may be a winter pastime for us, but they also work on sand and Ancient Egyptians used large sleds to help with construction, such as transporting large obelisks.
- The current world record for skiing is nearly 157 mph, held by Simone Origone. Speed skiers regularly exceed 125 mph, which is even faster than the speed of a free-falling skydiver (120 mph).

### Trivial Matters:

In his famous civil rights speech, Martin Luther King, Jr. said, "I have a \_\_\_\_\_."

**We're growing because people like you refer us to your family and friends.**

**THANK YOU,**

**Justin Braun**

**We appreciate your support & can't wait to serve you again!**

I broke a leg skiing...  
At least it wasn't mine.

Don't catch snowflakes  
on your tongue until  
you're sure all the  
birds have flown south  
for the winter.

Whether the weather be fine  
Or whether the weather be not  
Whether the weather be cold  
Or whether the weather be hot  
We'll weather the weather  
Whatever the weather  
Whether we like it or not.

'Twas the month after Christmas, and all  
through the house nothing would fit me,  
not even a blouse.

The cookies I'd nibbled, the eggnog I'd  
taste at the holiday parties had gone to  
my waist.

### Thank You!

*A very special thanks goes out to our  
Client of the Month:*

**Jeff Tojdowski**

*We know there are a lot of choices when  
it comes to your vehicle's repair, and we  
are truly honored by the trust you have  
placed in us. Thanks again! We couldn't  
do it without the support of great clients  
like you!*

**A new driver** became lost in a snow-storm. She didn't panic however, because she remembered what her dad had once told her. "If you ever get stuck in a snow-storm, just wait for a snow plow to come by and follow it." Sure enough, pretty soon a snow plow came by, and she started to follow it. She followed the plow for about forty-five minutes. Finally the driver of the truck got out and asked her what she was doing. And she explained that her dad had told her if she ever got stuck in a snow storm, to follow a plow. The driver nodded and said, "Well, I'm done with the Wal-Mart parking lot. Do you want to follow me over to Best Buy now?"

Winter road trips – even short ones – are a great way to celebrate with family and friends. Being prepared can ensure a safe and happy time is had by all.

In an emergency situation, in addition to a full tank of gas and fresh antifreeze, the National Safety Council recommends having these in your vehicle:

**Don't leave home without these:**

- Properly inflated spare tire, wheel wrench and jack
- Jumper cables
- Tow and tire chains
- Bag of salt or cat litter for better tire traction or to melt snow
- Tool kit
- Flashlight and extra batteries
- Reflective triangles or flares
- First aid kit
- Windshield cleaner and towel
- Ice scraper and snow brush
- Matches in a waterproof container
- Scissors and string or cord
- Nonperishable, high-energy foods like unsalted, canned nuts, dried fruits and hard candy
- Blankets, mittens, socks and hats

### *Could You Do Us A Favor?*

Our business was built on the kind words many of our clients say about us to their friends and family. And since we're looking to grow a little more, we could use your help right about now. If you know of someone who needs help with their vehicle—someone who's looking for a place they can trust—won't you please tell them about us? We know you really appreciate the way we look out for your family by all the thanks we get. And sharing us with your closest friends and family is the most sincere form of appreciation we know. So do both your friends and us a favor by giving them one of our referral cards. You will benefit as well by knowing your loved ones are in good hands—not to mention our gift to you for your kind actions. **Thank You!**

## Perfect Pork Loin

Combine these rub ingredients in a small lidded container and shake to mix thoroughly:

- 1/4 cup kosher or sea salt
- 1 TBSP sugar
- 2 tsp ground sage
- 1/2 tsp marjoram
- 1 1/2 tsp pepper
- 1 tsp paprika or smoked paprika
- 1 1/2 tsp garlic powder

Coat all sides and ends of a pork loin with the above rub and place in a foil-lined pan with low sides. Roast uncovered at 375° until internal temperature reaches 145°. Remove from oven and let sit for about 15 minutes, lightly tented with foil. When carved, the pork should be moist and juicy, but not pink.

Happy New Year!
