## ***This husband and wife hunting duo bagged the big one***

**I**t was Saturday morning as Jake, an avid hunter, woke up raring to go bag the first deer of the season.

He walks down to the kitchen to get a cup of coffee, and to his surprise he finds his wife, Alice, sitting there, fully dressed in camouflage.

Jake asks her, "What are you up to?"

Alice smiles, "I'm going hunting with you!"

Jake, though he had many reservations about this, reluctantly decides to take her along.

Three hours later they arrive at a favorite spot of his, and Jake sets his lovely wife safely up in the tree stand and tells her, "If you see a deer, take careful aim on it and I'll come running back as soon as I hear the shot."

Jake walks away with a smile on his face knowing that Alice couldn't bag an elephant much less a deer.

Not 10 minutes pass when he is startled as he hears an array of gunshots.

Quickly, Jake starts running back. As Jake gets closer to her stand, he hears Alice

screaming, "Get away from my deer!"

Confused and frightened, Jake races faster towards his screaming wife.

And again he hears her yell, "Get away from my deer!" followed by another volley of gunfire!

Now within sight of where he had left his wife, Jake is surprised to see a game warden with his hands high in the air.

The game warden, obviously distraught, yelled, "Okay, lady! You can have your deer! Just let me get my saddle off it!"

## **Food facts give you something to chew on**

**I**n 1996, each American consumed an average of 77 pounds more of commercially grown vegetables than in 1970, 63 pounds more grain products, 54 pounds more fruits, 32 pounds more poultry, 10 gallons more milk lower in fat than whole milk, 20.5 pounds less red meat, 73 fewer eggs, and 17 gallons less whole milk.

It takes just 40 days for most Americans to earn enough money to pay for their food supply for the entire year. In comparison with the 129 days it takes the average American to earn enough money to pay federal, state and local taxes for the year.

More than 96 billion pounds of edible surplus food is thrown away in the U.S. Each year. It is estimated that almost 27 percent of our food supply is wasted.

Americans are eating about 14 pounds of turkey a piece each year, more than double the rate 20 years ago.

## Church organist knows the correct tune

The minister was preoccupied with thoughts of how he was going to ask the congregation to come up with more money than they were expecting for repairs to the church building.

Therefore, he was annoyed to find that the regular organist was sick and a substitute had been brought in at the last minute.

The substitute wanted to know what to play.

"Here's a copy of the service," he said impatiently. "But, you'll have to think of something to play after I

make the announcement about the finances.

During the service, the minister paused and said, "Brothers and Sisters, we are in great difficulty; the roof repairs cost twice as much as we expected and we need \$4,000 more. Any of you who can pledge \$100 or more, please stand up."

At that moment, the substitute organist played "The Star Spangled Banner."

And that is how the substitute became the regular organist.

## The difference between heart, engine surgery?

A mechanic was removing a cylinder head from the motor of a Harley motorcycle when he spotted a well-known heart surgeon in his shop.

The surgeon was there, waiting for the service manager to come and take a look at his bike.

The mechanic shouted across the garage, "Hey, Doc, can I ask you a question?"

The surgeon, a bit surprised, walked over to the mechanic working on the motorcycle.

The mechanic straightened up, wiped his hands on a rag and asked, "So Doc, look at this engine. I open its heart, take the valves out, fix 'em, put 'em back in, and when I finish, it works just like new. So how come I get such a small salary and you get the really big bucks, when you and I are doing basically the same work?"

The surgeon paused, smiled and leaned over, and whispered to the mechanic, "Try doing it with the engine running."

## Newspaper headlines deliver more than the news

*Every day, millions of Americans turn to their local comics page for a good laugh or two. They would probably be surprised to learn that the news section offers its fair share of laughs as well! Check out these funny but true headlines:*

And sometimes the headline illuminates the painfully obvious:

**Lettuce alone!**

**W**ho knew there was so much to know about lettuce. It sure is head strong!

- Lettuce is a member of the sunflower family.
- Darker green lettuce leaves are more nutritious than lighter green leaves.
- Americans eat about 30 pounds of lettuce every year. That’s about five times more than what we ate in the early 1900s.
- In the United States, lettuce is the second most popular fresh vegetable.
- Almost all lettuce is packed right in the field.
- About 25 percent of all iceberg lettuce is made into fresh-cut salads.

**A stranger recently saw** a distraught young lady weeping beside her car. “Do you need some help?” he asked.

She replied, “I knew I should have replaced the battery in this remote door unlocker. Now I can’t get into my car. Do you think they (pointing to a distant convenience store) would have a battery for this?”

“Hmmm, I dunno. Do you have an alarm, too?” he asked.

“No, just this remote thingy,” she answered, handing it and the car keys over. He took the key and manually unlocked the door, and replied, “Why don’t you drive over there and check about the batteries; it’s a long walk.”

**A man goes to the doctor** and tells him that he hasn’t been feeling well. The doctor examines him, leaves the room and comes back with three different bottles of pills. The doctor says, “Take the green pill with a big glass of water when you get up. Take the blue pill with a big glass of water after lunch. Then just before going to bed, take the red pill with another big glass of water.”

Startled to be put on so much medicine, the man stammers, “My goodness, doc, exactly what’s my problem?”

Doctor says, “You’re not drinking enough water.”
